

SAP SuccessFactors Packaged Solution

Streamline and Simplify Compensation Management

Reward.it

Tie Your Greatest Expense to Actual Business Results

The SAP SuccessFactors Compensation packaged solution – also known as Reward.it -- allows you to implement comprehensive compensation management processes quickly and easily, using best practices for compensation, equity and variable pay planning.

Intelligent budget and guideline modeling allows you to forecast and model base, bonus and long-term incentive plans to find the optimal balance between business strategy, competitive pay and affordability.

Build and deliver strategic compensation programs that keep your employees engaged and productive while improving business performance.

Drive consistent execution of compensation strategies across the organization -- with central oversight and guidance – while providing the flexibility to optimize compensation programs for local markets.

Business Benefits

- Streamlined and simplified compensation management.
- Improved budget accuracy and reduced risk.
- A non-disruptive approach to cloud adoption.
- Accelerated implementation and time to value using proven best practices.

Rapid Deployment

What makes our packaged solution different? We deliver the SAP SuccessFactors Compensation solution on a fixed implementation timeline and price.

You'll receive:

- Pre-configured best practice tools and content with flexibility to expand functionality in the future.
- An optimization workshop six months after launch to ensure that you're getting the best business value from your SAP SuccessFactors Compensation solution.
