

# Wholesale Accelerated for GROW with SAP

## Public Cloud Solution for High-Growth Businesses

Choosing the right Enterprise Resource Planning (ERP) system is more than just another business decision. It's a critical strategic move that can significantly impact the growth trajectory of small- and medium-sized businesses.

GROW with SAP is more than just another software bundle -- it's a comprehensive solution designed to catapult small and midsize companies into their next growth phase. This edition combines the public edition of SAP S/4HANA Cloud with adoption and acceleration services, embedded AI, automation functions, and the robust SAP Business Technology Platform (BTP), giving businesses the tools to scale efficiently and effectively.

With predefined business processes designed for your industry, you're not just buying software -- you're adopting a strategy for growth.
